Allowable Subject Matter

1. Claims 1 – 28 are allowed.

The following is an examiner's statement of reasons for allowance:

- The references of the Prior Art of record fail to teach, or suggest any obvious combination of the limitations discussed in the previous Office Action mailed on November 3, 2004, and further comprising the limitations of **(With respect to claims 1 and 11)** a one piece annular acoustic panel *forming or including at least a portion of the inlet section and a forward portion of the main section of the nacelle*; nor **(With respect to claim 20)** a one piece annular acoustic panel integrated within an internal wall of the nacelle, whereby the annular acoustic panel *extends from a forward portion of the inlet section to a forward portion of the main section such that the main bulkhead is covered by the annular acoustic panel*.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
